

# Children's Cabinet

Quarter 4 | 8:00-10:00 am | May 23, 2024

# Welcome & community builder

---

Discuss with your table, or on the zoom:

**What's a memory that stands out from this year's school year?**

# Back to Basics

**San Antonio  
Independent School District's  
First ever Student-Led  
State of the District**

## Table discussion

---

**Discuss at your tables:** Take a few minutes to reflect on your initial thoughts when you joined the Children's Cabinet.

What did you hope the Cabinet would achieve?

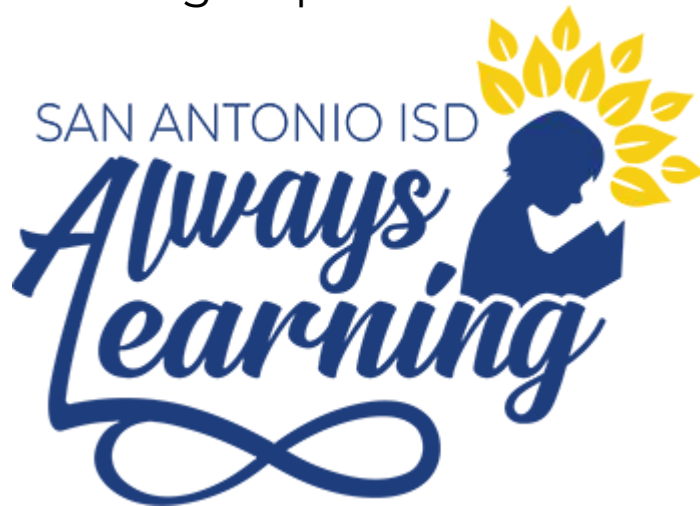

What were your expectations for its role and impact?

# ***Vision for the Children's Cabinet***

---

Jaime will now share his original vision for the Children's Cabinet.

This is an opportunity to reflect on the goals and aspirations that guided the creation of this group.

## ***Vision for the Children's Cabinet***

---

- The Cabinet would serve as a **think tank** that fosters **two-way communication**, helping us improve our work on behalf of our students. Through dialogue, we can make better decisions that truly benefit our students.
- The Cabinet would **champion the district's agenda** and **ensure continuity in our direction**, even if leadership changes occur.
- The Cabinet would become **ambassadors for the district**, advocating for our work at the local, state, and national levels.

## Reflecting on the vision

---

*Think about your initial expectations, what you've experienced, and the insights shared by Jaime.*

- 3:** Identify **three aspects** of the Children's Cabinet that you believe have been **successful or effective**.
- 2:** Highlight **two areas** where you think the Children's Cabinet could **enhance its efforts** or address challenges.
  - 1:** Formulate **one question** you would like **to ask Jaime** about his vision, experiences, or future plans for the Children's Cabinet. This could be something you are curious about or need clarification on.

# Reflecting on the vision

## Table Discussion

Take turns sharing your 3-2-1 reflections

One person take notes. Capture common themes and unique insights. Summarize.

## Group Synthesis
